Parent's Feedback

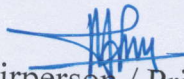

Session: 2020-2021

Analysis of Feedback and Action Taken Report

It is the regular practice of the college to collect the feedback of all the stakeholders. After getting the feedback from them and after evaluating by the Feedback Committee, the recommendation is placed before the IQAC and administration for implementation. But this year 2020-21 was suffering from COVID-19 pandemic and lockdown was imposed all over the country. So, it was not made possible for us to collect the feedback from the parents. But in the next year feedback will be collected from them.
