Daily Reconciliation of Money received in Bank Account from PG Company

Respected Principal Sir & Staff :

Your college is using online payment gateway (PG) for online fees collection. MasterSoft records transaction numbers of successful payments - in DCR (Daily Collection Register).

There is a direct contract between College and PG Company. MasterSoft do not have any power, role and logins to check the payments received from PG Company in College back account. **The payments are transferred by PG Company directly in various College bank accounts** normally within 24 to 48 hour as per RBI norms. PG Company provides PG payment portal to college.

Following are the daily duties of College staff related to PG.

- Daily check Banks accounts, PG Portal and verify the payment received from the PG company & reconcile with DCR - without fail.
- The PG company works as per RBI norms & will communicate with you via email. Study email & due action should be taken immediately.
- Students may demand Chargeback (Money back) from PG – normally for failed / double payments. PG will confirm this with College. College must communicate to PG about Money to be returned or NOT returned – via email with proof. Non-response from college means – automatically money will be returned to students by PG in Charge Back request.
- Contact directly PG team for solving your PG related matters.

The above duties are simple & easy to handle - college staff must do the same daily. MasterSoft will help to college in case of difficulties. However, the action has to be taken by college.

We once again request you to interact with PG officials, reply their emails, check PG portal, College bank account for money received & reconcile with our DCR.

In this regards we request you to take training from us & PG company. We also request you to attend our webinars. Thanking You. Assuring the best services.

Thanking you Assuring the best services

With Regards

- **Free NAAC & E-Learning Module launching**
- **Actions to be taken while using PG**
- **CSMS-School Management ERP**

Respected Principal Sir & Staff :

Greetings and thank you for using our cloud ERP CCMS.

We humbly request you to use Payment Gateway for online fees collections. This will give great convenience to the students and they can pay fees 24X7 for their home. Advantages for college are - no student fee queues, no cash handling and fees is directly deposited in college bank accounts.

If you are already using PG, encourage your students to go for 100% online fees payments. Accept minimum cash at the counter. This will reduce workload of your administrative staff.

I am happy to inform you that we will be launching following two packages in coming months.
1) NAAC Module – 15th August 2019
2) E-learning Module – 05th September 2019

I am pleased to inform your that these packages will be given **free of cost** for minimum one year to all the exiting CCMS ERP users.

If you are using PG for fees collection, certain precautions need to be taken. A detailed letter is already emailed to you and your staff and is also circulated via Whatsapp group by our team. Please take note of that and act accordingly. Kindly check that money is deposited by PG in your various bank accounts and your replying to PG chargeback emails immediately. Reconcile money deposited in bank account with our DCR. **Please contact us for all the help.**

Since your staff is busy in admission upto July end, kindly give us time for August onwards for training of other modules to your users and to seek feedback from them for improvements in CCMS.

MasterSoft School Management ERP is being use by many schools (State, CBSE, ICSC, IB) across India. We humbly request you to kindly recommend our school ERP to schools of your education society and other schools.

Thanking you Assuring the best services
With Regards
