- 2) The height of bandhara depends on the water level to be raised on the upstream side

Brief Report:

A Bandhara was constructed By N.S.S. Unit, Shivaji Mahavidyalaya, Gadchiroli, at Kathani River. On this occasion, near about 35 volunteers, two teachers, and five villagers were prominently present, and all they were trying to help in this wonderful event. By their own way, somebody was trying to collect empty bags for making bandhara, few people trying to provide essential apparatus like Ghamela, fawda, Sui Cane for preparing proper bag with sand.

Event Outcomes:

Students understand the importance of the bandhara irrigation scheme is very economical and by constructing a number of such structures in series across minor streams.
