03. To reduce noise pollution to the neighboring household population.

### Brief Report:

The Volunteers of NSS strongly participated, “Tree Plantation”, programme on 24 September, 2021 in college premises. The main purpose of tree plantation is to save the endangered environment and to beautify our life. Trees are valuable gifts of nature. They are known as the best friends of human

beings. They benefit us in various ways. The lives of men and other animals and insects are inconceivable without the existence of trees in the world. All the students, faculties and non-teaching staff of joined this programme and made it a huge success. Dr. M. J. Meshram (Off. Principal) presided the Programme and Dr. J. G. Weekey, NSS Programme Officer, students and teachers also present at the event.

Event Outcomes:

Tree plantation is good for the environment. Students know that trees are the source of oxygen. They inhale carbon dioxide and exhale oxygen without which the survival of living beings is not possible on earth.
